MEMO: SORK STRATEGIC PLAN

FROM: SORK COUNCIL
TO: SORK MEMBERS

RE: SORK STRATEGIC PLAN

The Society of Radiography in Kenya (SORK) is in the process of procuring an expert person or firm to help in the development of SORK's five (5) years strategic plan.

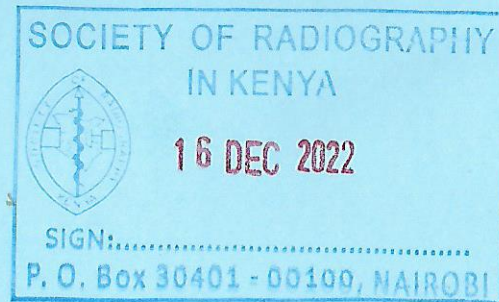

This is a critical endeavor coming in the advent of actualizing a historical strategy of professional self-regulation via the enacted and gazetted Radiographers Act No. 28 of 2022.

For Council to re-align and re-focus on other needy professional priorities, therefore, we are seeking services to develop a strategic plan. Any referrals to such experts with profiles and quotations should reach the Society's Secretariat through the addresses provided in the letterhead by close of business **22nd December 2022**.

SORK Council also takes this opportunity to wish all our membership and merry Christmas and Prosperous Happy New year in advance.

Yours Faithfully,

SAMUEL M. KARANJA
